

Residential Plot Of 633sq.m For Sale In Kiti

€138,000 +VAT

Kiti, Larnaca

An excellent opportunity to acquire a spacious 633 m^2 residential plot located in a quiet neighbourhood in Kiti, Larnaca. The plot benefits from 90% building density, 50% coverage and permission for up to two floors, offering excellent development potential.

With an impressive frontage of approximately 24 metres and easy access, the property is suitable for the construction of two separate houses, a block of apartments or a spacious private residence.

Conveniently located approximately 2 km from the sea, the plot offers a great combination of a peaceful residential environment and development potential, making it an attractive option for both private buyers and investors.
